ATTACHMENT TO PAPER #6

Oath/Declaration

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

The clause regarding "willful false statements ..." required by 37 CFR 1.68 has been omitted.

Information Disclosure Statement

2. The information disclosure statement filed March 18, 1999, fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because US Patent Application No. 08/691,263 and the PCT International Search Report are not publications. The US Patent Application and PCT International Search Report have been placed in the application file, but they have not been considered as to the merits. The disclosure is noted; however, the US application and the PCT search report will not be printed on the face of the patent to prevent the otherwise confidential documents from becoming open to the public.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The prior art, when considered as a whole, fails to teach or fairly suggest a database management subsystem for storing and managing information representative of a plurality of trademarks and a plurality of uniform resource locators symbolically linked to the trademarks and specifying the location of a plurality of Web documents stored in one or more Internet-based information servers; a trademark/URL information server operably connected to the database management subsystem and the infrastructure of the Internet; and a plurality of manufacturer-managed client computer subsystems operably connected to the infrastructure of the Internet enabling a manufacturer to transmit to the database management subsystem information representative of a plurality of trademarks and a plurality of URLs symbolically linked to the trademarks, as specifically recited, in combination, in independent claims 13 and 22 (renumbered 1 and 10) and as defined by the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
